

Advice : HSL-200917145641-98 DO NOT ADVISE AGAINST

Your Ref: 06/2020/0977

Development Name: Dean Farm, 150 Whittingham Lane

Comments: Outline planning application seeking approval for access only for residential development for up to 32no. dwellings (some matters reserved)

Land Use Planning Consultation with Health and Safety Executive [Town and Country Planning (Development Management Procedure) (England) Order 2015, Town and Country Planning (Development Management Procedure) (Wales) Order 2012, or Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013]

The Health and Safety Executive (HSE) is a statutory consultee for certain developments within the Consultation Distance of Major Hazard Sites/ pipelines. This consultation, which is for such a development and is within at least one Consultation Distance, has been considered using HSE's planning advice web app, based on the details input on behalf of Preston District (B).

HSE's Advice: Do Not Advise Against, consequently, HSE does not advise, on safety grounds, against the granting of planning permission in this case.

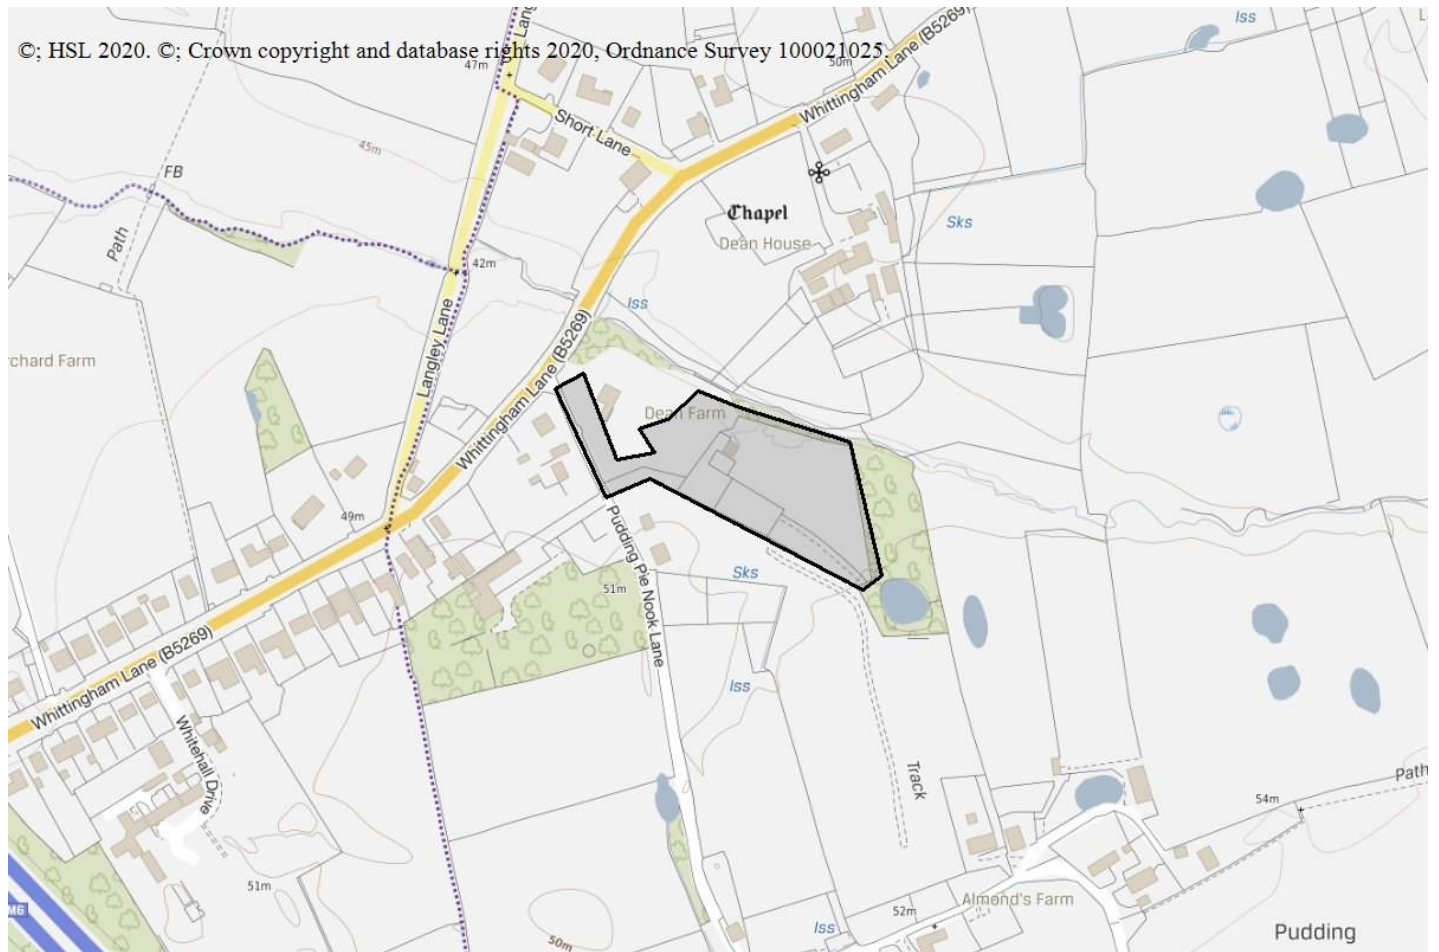

Breakdown:

Workplaces : Do Not Advise Against

Is it a workplace specifically for people with disabilities, e.g. sheltered workshops? No

Are there 100 or more occupants in any individual workplace building (that lie partly or wholly within a consultation distance)? No

Are there 3 or more occupied storeys in any workplace building (that lie partly or wholly within a consultation distance)? No

Pipelines

- 6832_1109 Cadent Gas Ltd

As the proposed development is within the Consultation Distance of a major hazard pipeline you should consider contacting the pipeline operator before deciding the case. There are two particular reasons for this:

- The operator may have a legal interest (easement, wayleave etc.) in the vicinity of the pipeline. This may restrict certain developments within a certain proximity of the pipeline.
- The standards to which the pipeline is designed and operated may restrict occupied buildings or major traffic routes within a certain proximity of the pipeline. Consequently there may be a need for the operator to modify the pipeline, or its operation, if the development proceeds.

HSE's advice is based on the situation as currently exists, our advice in this case will not be altered by the outcome of any consultation you may have with the pipeline operator.

Unidentified Pipelines

There is at least one unidentified pipeline in this Local Authority Area. You may wish to check with the pipeline

operator where known or the Local Authority before proceeding. The details HSE have on record for these pipelines is as follows:

- 4522020_ Cadent Gas Ltd Walton-le-Dale to Slyne HP pipeline

This advice report has been generated using information supplied by Dawn Wilson at Preston District (B) on 17 September 2020.

Note that any changes in the information concerning this development would require it to be re-submitted.
